HEARST TO CONTEST.

Journalist Asserts He Was Elected by Large Plurality.

BOARD OF ALDERMEN

Republicans Will Be In Control of This Branch of City Government, Having Four Majority Over Combined Opposition.

New York, Nov. 8.—Election day came to a close with a dramatic scene at the Hoffman House, where William R. Hearst gathered his friends and advisors around him to begin preparation of his legal contest of the returns, which indicated the success of his Democratic opponent, George B. McClellan. As the late vote came in showing McClellan was only a few thousand ahead, and as it was noticed figures from some East Side districts were missing, Mr. Hearst said he believed he was being cheated out of a hard fought and honestly won victory, and announced his intention to make a contest in the courts. He sent out a call at once for members of the law committee of the Municipal Ownership League and soon they began arriving, many of them in evening clothes, they having been found at social gatherings or theaters. At the hotel waiting for the lawyers were scores of Hearst voters with stories of violence and outrage at polling places where they had gone to cast their ballots. Men were coming into the hotel constantly with bruised and bleeding

WILLIAM RANDOLPH HEARST.

faces. One man had an arm broken and another's head was cut so badly that Mr. Hearst had him put to bed in the hotel. Reports were brought in telling of one man having had an eye gouged out and a Hearst man whose finger had been chewed off in a polling place.

After considering the situation, Mr. Hearst gave out a statement that he would contest the election, claiming he was elected by many thousands of votes.

The Evening Journal, Mr. Hearst's paper, published a notice that bets on the mayoralty should not be paid, declaring the official count would show Hearst was elected. Mr. Hearst in making the contest may demand that each of the 1948 ballot boxes used in the election be brought before the board of aldermen and a count of the ballots be made by that body. Then, if dissatisfied, Mr. Hearst may throw the whole matter into the courts for a decision, and if that is done the battle probably will be a long and intricate one.

Although McClellan, on the face of complete but unofficial returns, was elected by a plurality of 3485, the Democrats lost heavily in Tuesday's contest. The election of William T. Jerome, Independent, as district attorney is a severe blow to the Tammany organization, which exerted all the force at its command to defeat him. His victory is remarkable when it is considered that he was the candidate of no party; made his appeal for votes solely on his record in office for the last four years, and that every man who voted for him voted a split ticket. The board of aldermen too, is lost to Tammany they having but twenty-five members of the board, against thirty-eight Republican and nine Municipal Ownership members.

The city of New York complete but unofficial gives McClellan 3485 plurality over Hearst. The total vote gives McClellan, 228,651; Hearst, 225,166 and Ivins, 137,049.

McClellan's plurality of 3485 is the smallest by which any mayor of New York has ever been elected. The vote for mayor of New York by borough, was as follows:

McClellan: Manhattan and the Bronx, 100,682; Brooklyn, 68,655; Queens, 13,193; Richmond, 6121; total 228,651.

Hearst: Manhattan and the Bronx 123,920; Brooklyn, 84,603; Queens, 13,677; Richmond, 2966; total, 225,166.

Ivins: Manhattan and the Bronx, 64,688; Brooklyn, 61,095; Queens, 7365; Richmond, 4501; total, 137,049.

Philadelphia City Party Successful and Pennsylvania Elects Democratic Treasurer by a Large Plurality.

Washington, Nov. 8.—Election returns received by the Associated Press up to 2 o'clock Wednesday morning showed that Democrats have carried the mayoralty campaign in New York, the state ticket in Pennsylvania, the state ticket in Virginia and the city ticket in Louisville, while the Republicans have made a clean sweep in Chicago and Cooke county and have carried their tickets in New Jersey, Rhode Island, Nebraska and Mary-

land. In New York Hearst had a plurality in the borough of Brooklyn of almost 16,000 with fourteen election districts missing. The returns indicate McClellan's re-election by several thousand plurality. Hearst has charged fraud in the voting. Bird S. Coler was elected borough president of Brooklyn on Municipal Ownership ticket. The New York election shows that Municipal Ownership will be a considerable factor in the city's politics. In Ohio the result is still doubtful, though the returns to a late hour indicated the election of Patterson, the Democratic candidate for governor.

The suffrage amendment in Maryland was defeated overwhelmingly.

AGAIN ELECTED.

McClellan Remains at Head of New York Municipality.

New York, Nov. 8.—Returns at 2 o'clock Wednesday morning were complete in Greater New York in the mayoralty contest with the exception of fifty-one election districts scattered through the city. The vote on these returns gives McClellan, Democrat, 221,815; Hearst, Municipal Ownership, 218,657; Ivins, Republican, 132,317, a plurality for McClellan of 3158.

The returns from New York county at that hour in the district attorneyship contest were in, with the exception of eighty-two election districts. They gave Jerome, Independent, 101,597; Osborne, Democrat, 100,220; Shearn, Municipal Ownership, 65,649; Flammer, Republican, 12,074, making Jerome's plurality 1377.

Mr. Hearst declined to admit his defeat and declared his intention to contest the election. At that time returns from 184 election districts had not been received. McClellan had 205,598; Hearst, 203,370, and Ivins, 130,326 votes.

The following statement was issued at midnight by W. R. Hearst:

"We have won this election. All Tammany's frauds, all Tammany's corruption, all Tammany's intimidation and violence, Tammany's false registration, illegal voting and dishonest count have not been able to overcome a great popular majority. The recount will show that we have won the election by many thousands of votes. I shall fight this battle to the end in behalf of the people who have cast their votes for me and who shall not be disfranchised by any effort of criminal bosses."

JOINT STATEHOOD.

It Wins In Election by an Overwhelming Majority.

Oklahoma City, Nov. 8.—A summary of news received from the election in Indian Territory indicates that the total vote on the Sequoyah constitution will not reach 25,000 out of a possible 150,000.

In many of the towns polls were not opened, and in numerous cases the vote for joint statehood with Oklahoma far exceeded the vote for the separate constitution.

The result is an overwhelming endorsement of joint statehood for the two territories. Not 20 per cent of the voters of Indian Territory have endorsed the Sequoyah constitution.

At Ardmore, Purcell, Chickasha, Coalgate, Marlow and other large towns no election was held.

THE BRYAN STEAM LAUNDRY

THE HONOR SYSTEM IN SCHOOL AND COLLEGE.

[BY WOODROW WILSON, LL. D.,
President of Princeton University.]

"The Honor System" is the name given to the practice of conducting examinations, not under the surveillance of proctors or of members of the teaching force of the school or college where it prevails, but under the self-direction of the pupils themselves, depending for the prevention of cheating not on the watchful eyes of officers set to detect it, but upon the honorable esprit de corps of the young men or boys who are undergoing the ordeal. The system of superintending proctors has always and everywhere proved ineffectual. If those who take the examinations are expected to cheat, and watchers are set to prevent them, the more adventurous and less sensitive among them, the lazy men who are sharp-witted and those who regard examinations as a more official inquisitorial process at best, invented for their discomfort, feel that a sort of challenge has been flung out to them to circumvent their academic masters if they can, accept the battle of wits, and cheat with small compunction. The only thing that can prevent cheating is a strong feeling on the part of the students themselves that it is dishonorable and a determination of their own that those who cheat shall not remain among them.

That feeling must precede the establishment of the "honor system." That system cannot be established by the Faculty of a college; it must proceed from the conviction and desire of the students. It is a method of self-government. Under it every student of conscience feels bound to take notice of and report any irregularity on the part of a fellow-student in examination—report it not to the Faculty, but to his fellow-students. The investigation of the charge is undertaken by them, in rays of their own voluntary adoption; the condemnation or acquittal comes from them; and it is upon their recommendation that the student convicted of the offense is dismissed by the authorities of the

institution—dismissed as a person who has broken the understandings and fallen short of the standards of the little community. In such an atmosphere offenses grow very rare indeed and practically never escape detection.

The system was adopted at Princeton during the session of 1892-3—adopted by the authorities of the university at the request of the undergraduates. The circumstances illustrated in a most interesting way the constitution and life of the place. Student life has there long been dominated by the opinion, what may very correctly be called the public opinion, of the undergraduate body, in which each of the four classes has always had a very complete and efficient organization under officers of its own, and has always served as an organ of opinion and action. The senior class is looked to for guidance. Its leading spirits are the governors of the little community. Members of the classes of 1893 and 1894, knowing what had long been the feeling and conviction of every thoughtful student about cheating in examinations, and being of a temper to remove all reproach from the Alma Mater they loved, took steps, by mass meeting, to include that matter also within the scope of their self-government; and the authorities of the university gladly put it in their hands, with a confidence of the result which has been abundantly justified by the history of the years which have since elapsed. Cheating in examinations has been utterly stamped out.

But Princeton was by no means the first to purify her life by means of the system, and in other places where it has existed through several generations, as, notably, at the University of Virginia, there is no class organization for it to rest upon.

Once established, the system itself quickens the community feeling and tends greatly to increase not only the sense of organic responsibility but also the capacity for self-government and the range it is likely to give itself.

It is noteworthy how such self-regulation, when once undertaken, begins to effect other things, how the sense of maturity and of manly responsibility is at once extended to other particulars of action. The result at Princeton, to speak only of the place I know best, has been to change the whole relation of Faculty and students; to make the under-graduates in all matters relating to discipline more candid, more straightforward, as well as more self-critical, and to extend, insensibly but very steadily, the catalogue of things regulated by opinion, not by authority. Teachers and students now deal with each other with mutual respect and confidence, and the Faculty is as anxious as the students to put every possible matter of conduct under the watchful supervision, not of officers of discipline, but of the leading spirit of the upper classes, with whom lies the making of opinion. This must be the effect everywhere; but student opinion cannot make these conquests unless it first create a genuine community feeling and originate the first steps of self-government on its own initiative.—New York Times.

KENTUCKY NEXT.

Next Saturday Kentucky will be here for a game of football. Every supporter of the red and white must be on hand to root for A. & M. The Kentucky business manager writes that their team averages about 160 pounds and has not been scored on this season. They played Northwestern to a standstill on the latter's ground, the score being 0 to 0. Last Saturday they defeated Central University of Kentucky by a score of 24 to 0. They play Varsity Friday and here Saturday, so we will be able to get a line on the Thanksgiving game. There will be a special train from Bryan at 2:30 p. m., returning after the game. Also excursion rates from Navasota and points as far north as Marlin. See that game. It will be worth a dozen circuses.—The Battalion.

HE GOT IT.

"Who's the new scrub the captain is putting on the practice team today?" asks the husky center rush of the bulky right guard. "That fellow with the eyeglasses?" asks the right guard. "That's one of these authors who write football stories wherein the hero carries the ball around the end and runs two hundred yards, upsetting all the men on the field, and kicks goal, and does a dozen other desperate feats, and wins the haughty heirees who is watching him from the grandstand. He is going to try the game for a little while so that he may have the actual experience."

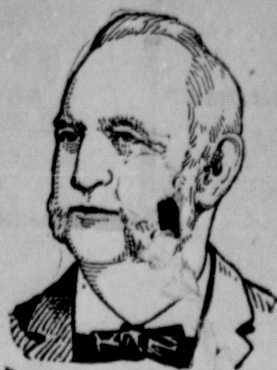

Two hours later the author of football stories looks up into the face of the white robed nurse and asks her to bring him the package of manuscript from his grip, as he desires to burn it.—Selected.

UNIVERSITY'S TRIP.

For the past week the Texas crowd have been away playing teams out of the State. They have not made a very fine showing; in fact they have shown themselves to be rather weak. On Tuesday last they beat Arkansas by a score of 4 to 0. On Friday they played Oklahoma and were beaten, score being 2 to 0. Next Friday they play Kentucky, prior to that team coming down here Saturday for a game with the College team.—The Battalion.

The editorial game law, as stated in the Belleville (Kansas) Telescope, is as follows: "Book agents may be killed from March 1 to December 1; spring poets, from March 1 to June 1; scandal mongers, from April 1 to February 1; umbrella borrowers from August 1 to November 1, and from February 1 to May 1; every man who accepts a paper for one year, and on being presented with a bill, says, 'I never ordered it,' may be killed on the spot, without reserve or relief."—Exchange.

CIRCUS DAY.

The Great Adam Forepaugh and Sells Brothers' Shows are Coming Soon.

The circus is one of the big things of America that has made the traveling observer pause and think. The marvelous system which achieves the building of a well ordered village with a population of twelve hundred in the hours of early dawn each day, and packs up and re-establishes itself miles away for the next breakfast, has attracted the curious study of military chiefs and other leaders of great bodies of men, and huge business institutions. It is this marvelous management that draws multitudes of people to the train yards to witness the unloading of the great Adam Forepaugh and Sells colony from town to town. Everything must be spic and ready for the daily parade, starting from the circus grounds at ten o'clock. The several hundred horses that take part in this big spectacle are freshly groomed every morning, and the thousand or more men, women and children are alert and contented looking in the gorgeous pageant. This street display of the Great Adam Forepaugh and Sells Brothers Shows rises above all other efforts of the kind in fascinating detail, magnificent display and extraordinary length. Most circus parades are tiring affairs, because of the unkempt expression of people and things. The horses are apt to be slow moving and worn, and the people, as a rule, strongly suggest the idea of strenuous times. At last, thanks to the able management of Forepaugh and Sells Brothers Shows, this is changed, and the morning of circus day a procession winds its way over the business streets of the town that is worth much inconvenience to see, and that is altogether superior to anything of the ever organized before. Hundreds of graceful women riders modishly gowned; expert men riders mounted upon blueblooded and high-stepping equines; scores of open

animal dens; gorgeous tableaux of floats—in fact, this street pageant is the magnificent and magnified display of circus glories ever yet brought forward by amusement enterprise. This feature alone costs this show a million dollars, and is an imposing demonstration of their tremendous resources and determined ambition to make this circus institution the greatest on earth. Two performances will be given here at two in the afternoon and eight in the evening.

A. & M. STUDENTS AT STATE FAIR.

The Result of the Stock Judging Contest.

Several of the members of the Senior Agricultural class paid a visit to the State Fair at Dallas last week, the trip proving to be a very enjoyable and instructive one. They were accompanied by Profs. Craig and Marshall, the former gentleman being honored by the Fair Association in being selected as judge in the cattle classes, his awards giving general satisfaction.

The first week of the Fair has been a huge success; on Thursday, Dallas day, 65,000 persons passed through the turnstiles. The display of manufactured goods in the superb Exposition building and other parts of the grounds was exceptionally fine, and called forth the most flattering eulogies from all. Indeed, the exhibits were a revelation to visitors from other states, demonstrating in the most effective manner the astonishing progress which the "Lone Star" State is making in the commercial uplifting of the great Southwest.

The usual monstrosities and other attractions of the "Pike" came in for their full quota of support, and one did not need to hesitate patronizing the Iggorrotes, "Creation," Katzenjammer Castle, "The Missing Link," "Beautiful Bagdad," and others of their kind inasmuch as the glib gentlemen who exercised their elocutionary powers in front of their respective booths always assured his hearers that he would refund their money if dissatisfied. The "Bump the Bumps" and the "Figure 8" proved to be as effective a liver stimulator as a ride on a "broncho" pony. Miss Tottie Limejuice, and others of her kind, did a roaring business, especially among the fair sex, and were prepared to foretell the mysteries of the future life, give a description of a future wife or husband—even to the color of their hair—and unblushingly estimate the number of olive branches which would grace their hymeneal state—all for ten cents! Horse running, trotting, and steeple-chasing drew enormous crowds, and numerous bands of music enlivened the proceedings every day.

The exhibition of cattle was rather disappointing, the short-horns being poorly represented both in numbers and quality, generally, and the Herefords were conspicuous by their total absence. However, the Red Polls showed up in strong force, and we were pleased to see Howell Bros.' herd, of Bryan, make such a fine showing. They were awarded numerous premiums, "Dr. Corporal," their splendid aged bull, not only gaining first in his class, but was awarded the sweepstakes prize for the best bull, any age.

The swine exhibit was a credit to the State, and proved conclusively that Texas does not need to fear any other state in the quality of her porkers; animals which had gained premier prizes at the northern state fairs and the World's fair were brought here to compete with Texas swine, and in several instances were placed second or third. About 770 head were on exhibition and the quality was of a high order. The Poland Chinas were much in evidence, no less than 343 animals being on exhibition.

On Tuesday and Wednesday a stock judging contest took place under the auspices of the Fair Association and the Texas Swine Breeders' Association who contributed \$100.00 and \$50.00 respectively as prizes. Cadets Yaakey, Wright, Loving and Ashton and Messrs. Church and Boyce of the A. & M. took part in the contest, and while all substantiated their

decisions in a satisfactory manner, some were more fortunate in their placings. Prof. Marshall is making great efforts to produce a winning team at the Chicago International, and no stone is to be left unturned to bring the \$500 trophy into Texas. The contest at Dallas made excellent practice for the above important event. Result:

Boars, 2 years and over: First prize—John Ashton; 2nd, M. S. Church.

Boars, 1 year and under 2: First prize—M. S. Church; 2nd, J. W. Loving.

Sows, 2 years old and over: First prize—M. S. Church; 2nd, John Ashton.

Sows, 1 year and under 2: First prize—John Ashton; 2nd, M. S. Church.

Fat barrows, packers' standpoint: First prize—John Ashton; 2nd, M. S. Church.

The judges who passed on the work of the students were the official swine judge, Mr. H. E. Singleton, Mr. M. M. McFadden, secretary of the Poland China Record Association, and Mr. G. P. Lillard, the well known Berkshire breeder.

(There is a purse of \$150 to be divided up between the five first and second lucky men, but the amounts are not yet portioned out.) —The Battalion.

SCIENTIFIC ASSOCIATION.

The regular monthly meeting of the Scientific Association of the A. and M. College will be held Friday evening November 10, in the chemical building. Capt. H. H. Sargent will present a paper "The American and Spanish Navies and the Opening Naval Strategy of the Spanish-American War." All interested are invited to attend, whether members of the Association or not. The ladies of the campus, and members of the Senior class are especially invited.

All officers of the college are eligible to membership in the association, and all residents of the campus and Bryan to associate membership. The secretary would be pleased to have the names of any who desire to become members or associate members.

Nelson's Famous Signal.

It is a fact that Nelson's famous signal to the fleet at Trafalgar was in its original form, "England 'confides' (not 'expects') that every man will do his duty." This is the story as given by Captain Pasco, Nelson's flag lieutenant on the Victory: "His lordship came to me on the poop, and after ordering certain signals to be made about a quarter to noon he said, 'Mr. Pasco, I wish to say to the fleet, 'England confides that every man will do his duty.''" And he added, "You must be quick, for I have one more to make, which is for close action." I replied, "If your lordship will permit me to substitute 'expects' for 'confides,' the signal will soon be completed, because the word 'expects' is in the vocabulary, whereas 'confides' must be spelled." His lordship replied in haste and with seeming satisfaction, "That will do, Pasco; make it directly." And the famous signal was made.—London Chronicle.

There Was a Limit.

An Irishman one day went into the shop of a barber to get shaved. After being properly seated and the lather about half applied the barber was called to an adjoining room, where he was detained for some time. The barber had in the shop as a pet a monkey, which was continually imitating its master. As soon as the latter left the room the monkey grabbed the brush and proceeded to finish lathering the Irishman's face. After doing this he took a razor from its case and stropped it and then turned to the Irishman to shave him.

"Shtop that!" said Pat. "Ye can tuck the towel in me neck and put the soap on me face, but begorrah, yer father's got to shave me!"

Remarkable Lunar Rainbow.

I recall many lunar rainbows during the half century since I was an observant boy and, if memory serves me, one double lunar rainbow. But the most perfect of these bows that I recall I saw on the edge of Darlington, S. C. I was in a road leading north, with extensive fields east and west; hence my opportunity. The full moon had just risen above the tops of the distant woods, and the bow in the west was perfect. The span of the bow was materially less than the span of a sun rainbow, but its depth, or thickness, was proportionately much greater. The rainbow colors were distinct, but pale, as if the arch were built of pale mother-of-pearl, and they changed and faded less rapidly than the sun rainbows I have seen.

When in camp on John's island, South Carolina, I saw a brilliant sun rainbow with one foot of the arch so near we could stand on it or pass behind and in front of it, but we did not "dig for gold."—Macon Cor. Scientific American.

After shaking hands with everybody at the station, the president was driven to the polling place in the Fifth district. He received ballot No. 61, which he voted for assemblyman, county judge and school director. After returning to the street, the president stopped and chatted with some neighbors. Then he boarded the train and left for Washington.

ROSE IVY.

Shows come and go, but Bryan will have an opportunity of witnessing a performance of exceptional merit tonight; an opportunity of a lifetime. Who has not read of the wonderful endowments of this most remarkable lady during the last few years, not only in America but in foreign lands where she has appeared by command before the crowned heads of Europe and occupied their largest theatres. Her performance is described in Texas papers as more than up to the bill. That she is a most delightful singer a woman of rare personality, charming attainments and most remarkable "powers." Her exhibition is clean, refined, truly wonderful. Twenty local gentlemen will assist her or rather it will be a contest. Twenty men against one woman in an exhibition of her strange power over human strength. It will be two hours of the most wonderful exhibition ever witnessed and all Bryan should see it; clergy, ladies, doctors, all, and the prices by special arrangement have been reduced to 25, 35 and 50c. Seats now on sale.

Notice is hereby given that we will fully prosecute any one who enters upon said property. (Signed) Geo. N. Aldredge. H. H. Adams. 290

The Eagle has recently heard numerous complaints of depredations in the city cemetery, principally the taking of flowers from family lots, and is advised that at least some of the persons who have done this are known, and the practice will no longer be tolerated. Too much labor, care and expense is devoted by many families to the care of the graves of their beloved dead to admit of stripping them of their choicest flowers.

SEVEN FIREMEN HURT.

Wall Fell, Catching Some of the Men Fighting the Flames.

Houston, Nov. 8.—Fire destroyed a two-story brick building on San Jacinto street, with its contents. Loss estimated at \$30,000, with insurance so far as known of only \$5000.

Seven firemen were more or less hurt. A ladder had been run up alongside the burning building, when the wall suddenly caved outward and fell, catching some of the men, while others were caught by flying bricks.

ASSAULTED BY FOOTPADS.

Bartender Badly Wounded and Miscreant Secures Forty Dollars.

Paris, Tex., Nov. 8.—A footpad assaulted a bartender named Calvin McCoy with a revolver. The latter was badly hurt. The thief stole \$40.

Circus Rider Not Dead.

RECEPTION TO TAFT.

Praises President Roosevelt's Administration on Canal Matters.

Colon, Nov. 8.—There was a public reception at the Delessaps House at Cristobal in honor of Secretary Taft, who made a speech praising President Roosevelt's administration on of canal matters and the methods taken to obtain the best engineering advice in the choice of the plan for building the canal. He emphasized his prediction that the canal would soon be built and made a laudatory reference to Governor Magoon, Chief Engineer Stevens and Chief Health Officer Gorgas. A private ball followed the reception. Secretary Taft inspected the Culebra cut and subsequently examined the Atlantic entrance of the canal at Cristobal.

Cotton Bulletin.

Washington, Nov. 8.—The census bureau has issued a bulletin showing that up to Nov. 1, 6,483,646 bales of cotton had been ginned in this country. Round bales are counted as half bales.

Mann Elected.

Troy, N. Y., Nov. 8.—In the four cornered mayoralty contest here Mann Republican, was elected.

CITY PARTY WIND.

Democrats Elect Their Candidate For Treasurer of Pennsylvania.

Philadelphia, Nov. 8.—Philadelphia has been swept by the reform movement of the City party ticket, winning by a surprisingly large plurality.

While returns from only six of the forty-two wards in this city had been counted up to midnight Tuesday night, enough is known of the result in the remaining wards to indicate the defeat of the Republican local ticket by from 60,000 to 75,000 plurality.

The victory of the City party carries with it the election of William H. Berry, the Democratic and Reform candidate for state treasurer. J. Lee Plummer, the Republican candidate for that office, was badly cut throughout the city and state and he has lost his own county, which is usually Republican.

The result has every appearance of a landslide for reform, not only in Philadelphia, but throughout the state.

Schmitz Again Elected.

San Francisco, Nov. 8.—For the third consecutive time Eugene E. Schmitz, the union labor candidate, was re-elected mayor by a majority of at least 15,000 over John S. Patridge, the joint nominee of the Democratic and Republican parties.

Boston, Nov. 8.—Lieutenant Governor Curtis Guild, Jr., of Boston, the Republican candidate, was elected governor of Massachusetts by a plurality of 29,435 over General Charles W. Bartlett of Boston, the Democratic candidate.

Editor Elected Mayor.

Rome, N. Y., Nov. 8.—Albert R. Kessinger, Democrat, was elected mayor by 171 majority over Dr. T. G. Nock, Republican, the present incumbent. Mr. Kessinger is managing editor of the Rome Sentinel.

Swanson Carries Virginia.

Richmond, Nov. 8.—Claude E. Swanson, Democrat, was elected governor of Virginia by about 20,000 plurality over Judge L. L. Lewis, the Republican candidate. Few negroes voted.

Record Majority For Syracuse.

Syracuse, N. Y., Nov. 8.—The Republicans carried this city by nearly 6000 majority for Alan C. Forbes. This is the record majority of this city.

Republican Carry Rhode Island.

Providence, Nov. 8.—Utter, Republican, was elected governor by probably 30,000 plurality.

Adams Has Large Majority.

Buffalo, N. Y., Nov. 8.—J. M. Adams, Democrat, was elected mayor by 8891 majority.

LONDON'S POOR.

Their Desperate Condition Brought to Balfour's Notice.

London, Nov. 8.—The desperate condition of the poor of London was brought to the notice of Premier Balfour Monday by a remarkable deputation of the wives and other women relatives of the unemployed, who did not hesitate to tell the premier unless something is speedily done to lessen their sufferings there will be bloodshed. "Don't forget that hungry men are desperate men," said one of the speakers, who had the same tale to tell of husbands out of work and starving wives and children. The pinched faces and tattered clothing of the women, some of whom had babies in their arms, bore eloquent testimony of the truth of their complaints. Enormous crowds of women from all parts of London marched through the streets headed by a deputation which Mr. Balfour received at the office of the local government board. "The Maltese" was heard as the procession advanced, perhaps the first time it was ever heard under such circumstances in the streets of London.

BODY FOUND.

Not Known Whether It was a Murder or a Suicide.

St. Louis, Nov. 8.—The dead body of Lucien Eckhardt, aged twenty-one years, was found in an alley near the home of his fiancée, Miss Kate Burns. He had been shot. Near him lay his own revolver and the cylinder contained four empty shells.

Eckhardt and Miss Burns were to have been married Nov. 23, and he departed from her home Tuesday night in the best of spirits. Soon after four pistol shots were heard. Later his dead body was found. The police are endeavoring to discover whether Eckhardt committed suicide or was assassinated.

HEARTRENDING SCENES.

Bodies of Four Hundred and Twelve Jews Buried at Odessa.

Odessa, Nov. 8.—Four hundred and twelve Jews, victims of the massacres of last week, were buried Tuesday. A majority of the shops were closed including many of those belonging to Christians. The scenes of grief were heartrending and almost indescribable as the bodies were placed in trenches, each trench containing seventy. Similar funerals will continue for three days. Some 240 of the bodies were in such a condition that they could not be recognized.

Four Killed, Twenty Wounded.

Lodz, Russian Poland, Nov. 8.—There were some disturbances here Monday. Four persons were killed and twenty were wounded.
